GET RICH.

That is a piece of advice very much like the doctor's, when he advised the poor man to take a sea voyage, or the poor woman to take good nourishing food and a glass of port wine. We don't need to be told to get rich but we do need to be told how to do it.

There are many ways to get money. Speculation is one way. You can buy stocks, bonds, shares, etc., but all this requires capital to start with, and you have none, we will suppose. Then you must begin saving money, but this only shifts the shoe that pinches to the other foot. How to save money is nearly as great a problem as how to get rich. It is very well to say, "save money." That is what we started out to tell you and everybody, how money saved on your necessary expenses may lay the foundation for fortune for you; and you can save money every time you trade by buying cheap.

That's no news, you will probably say. Of course you can save by buying cheap. You could also fly if you had wings. You can do anything if you know how. You are quite willing to save on your buying if you know where to go.—That's what we are getting at. We would not waste your time by offering all this advice without having a practical end in view. If you want to buy goods at prices which will save you much money don't fail to visit the large drug and book house of Saur & Balsley. You can not only save big money on the necessary medicines which your family need at this special season of the year, but also on wall and window papers, paints, oils, varnishes and brushes. While the season is drawing near when it becomes necessary to lay in a new stock of these goods, our stock on hand is composed of the very latest patterns and best goods in the market, but will be sold at a great sacrifice in order to make room for our spring stock. Our book trade was never more flourishing, now that books are so cheap, and those in need of good reading material for the home should not fail to look over Saur & Balsley's display of all manner of books and periodicals.

A call on Saur & Balsley will never come amiss. It is money in your pocket every time.—Now is the time to lay in your supply of Wall Paper and Paints.

Everybody seemed to enjoy sleighing very much as long as it lasted.

S. C. Nofzinger, the jeweler, was in Chicago on business week before last.

Last week, on Thursday night, while out sleighing, a number of young people noticed some object by the side of the road. Upon stopping and looking they found it was a well known young married man of this vicinity lying in the snow almost frozen to death. He was heavily under the influence of liquor.

Early Sunday morning the people of this vicinity were alarmed by the ringing of a bell, and upon investigation the residence of Martin Keifer was found to be on fire. The residence was occupied at the time by Mr. Keifer and Simon Krieger and family. By the help of the neighbors nearly all the household goods were saved. The house was a new frame one and now the families must move back into the old log house which was saved. Insurance was small. It is supposed the fire was caused by a defective chimney. X. Y. Z.

The Frontier "Acted."

OAKLAND, Cal., Jan. 22.—The Rev. Edward Davis looks like an actor. Sunday night he illustrated a sermon on "Eternal Judgment" by assuming the character of Richard III, and quoting in a dramatic manner the famous soliloquy in the first scene and also in the act of the play. The preacher's acting was realistic. There was a big audience, many attracted by curiosity.

The clergyman is very young. In acting out the deed that overtook Richard III, the preacher fell on the stage just as Keene and Ward did.

Accept None of the Pretended Substitutes

FOR

Royal Baking Powder

BECAUSE inferior and cheaper made baking preparations are sold at wholesale at a price so much lower than ROYAL, some grocers are urging consumers to buy them in place of the ROYAL at the same retail price.

If you desire to try any of the pretended substitutes for ROYAL BAKING POWDER bear in mind that they are all made from cheaper and inferior ingredients, and are not so great in leavening strength nor of equal money value. Pay the price of the ROYAL BAKING POWDER for the ROYAL only.

It is still more important, however, that ROYAL BAKING POWDER is purer and more wholesome and makes better, finer, and more healthful food than any other baking powder or preparation.
